*Luzia Simons* Luzia Simons, Matthias Harder, 2012 Selection of images from Luzia Simons' ongoing 'Stockage' series: an exploration of the negative side of globalization through still-life compositions of tulips, which are scanned - as opposed to photographed - in various states of decay (tulips were traded in the 17th century at Dutch Tulip Bulb Auctions at dizzying prices). Also featured are installations using various materials, each with a floral motif as their theme.

**Emmanuel Van Der Auwera** Harlan Levey, Amanda Sarroff, 2020 Eponymously titled with his award winning 2014 film, *A Certain Amount of Clarity* is the first monograph dedicated to the artistic practice of Emmanuel Van der Auwera whose work describes our experience of digitized life operating at intersections of documentary, reconstruction and fiction. His practice is one that demonstrates the impact of emerging technologies on perception and civic dialogue, building platforms for marginalized actors and engaging with technicians and scientists to explore the balance of ethics and aesthetics in new media. Through filmmaking, video sculpture, theatre, printmaking, and other media, Van der Auwera sets up encounters with found images that provoke a questioning of our visual literacy: How do images of contemporary mass media operate on various publics, and to what end? With the formal rigor of a logician, Van der Auwera dissects how images are engineered, mastering specialized industry techniques and intervening on their protocol. In so doing, Van der Auwera brings us no closer to a monolithic truth, but constructs new paradigms for reading images and understanding our relationships with them. The monograph moves through works that build on the early film and is broken into 4 main sections, each addressed by a different author.
