Ghosts and Poltergeists Herbert Thurston, 2013-10 This is a new release of the original 1953 edition.

How to Not Always Be Working Marlee Grace, 2018-10-23 This guide book is filled with practical advice to help you curb your obsessions and build boundaries between your work, your job, and your life. In her workshops on healing and creative process, Marlee Grace helps people acknowledge their blocks and address them by setting distinct parameters that change their behavior. Now, she brings her methods and ideas to the wider world, offering all of us concrete ways to break free from our devices and focus on what's really important—our own aliveness. Part workbook, part advice manual, part love letter, *How to Not Always Be Working* ventures into the space where phone meets life, helping readers to define their work—what they do out of sense of purpose; their job—what they do to make money; and their breaks—what they do to recharge, and to feel connected to themselves and the people who matter to them. Grace addresses complex issues such as what to do if your work and your job are connected, provides insights to help you figure out how much is too much, and offers suggestions for making the best use of your time. Essential for everyone who feels overwhelmed and anxious about our hyper-connected world—whether you're a corporate lawyer, a student, a sales person, or a yoga instructor—*How to Not Always Be Working* includes practical suggestions and thoughtful musings that prompt you to honestly examine your behavior—how you burn yourself out and why you're doing it. A creative manifesto for living better, it shows you how to carve sacred space in your life. From business anecdotes about fulfilling orders to more personal stories about Grace's recovery from divorce and addiction, this book is full of wisdom and resilience, with plenty of discussion about ritual and routine as ways to create effective and positive creative life change.

Ghost Boy Martin Pistorius, 2013-11-19 When you lose your voice, who will speak for you? When it all seems hopeless, how do you get through each day? In the New York Times bestseller *Ghost Boy*, Martin Pistorius tells the harrowing story of his return to life through the healing power of love and faith. In January 1988, a happy, healthy twelve-year-old Martin Pistorius came home from school with a sore throat. Soon, he was sleeping all day, refusing meals, and starting to lose his voice. His doctors were mystified. Within eighteen months, his voice fell silent and his developing mind became trapped

inside a body he couldn't control. Martin's parents were told that the unknown degenerative disease he was struggling with would mean that he had less than two years to live. He felt invisible--like a ghost of himself. The stress and heartache shook his family to the core, bringing his parents to the brink of separation. Their boy was gone--or so they thought. Martin started to come back to life. He couldn't make a sign or a sound, but he'd become aware of the world around him again and was finally finding his way back to himself. In these pages, you'll hear the highs and lows of Martin's journey from his own perspective, including: A family's resilience in the face of hardship The consequences of misdiagnosis The gift of a wild imagination Ghost Boy shares the beautiful, heart-wrenching story of a life reclaimed, a business created, a family transformed, and a new love that's blossomed. Martin's emergence from his own darkness invites us to celebrate our own lives and fight for a better life for those around us.

Prestatehood Legal Materials Michael Chiorazzi, 2013-05-13 Explore the controversial legal history of the formation of the United States Prestatehood Legal Materials is your one-stop guide to the history and development of law in the U.S. and the change from territory to statehood. Unprecedented in its coverage of territorial government, this book identifies a wide range of available resources from each state to reveal the underlying legal principles that helped form the United States. In this unique publication, a state expert compiles each chapter using his or her own style, culminating in a diverse sourcebook that is interesting as well as informative. In Prestatehood Legal Materials, you will find bibliographies, references, and discussion on a varied list of source materials, including: state codes drafted by Congress county, state, and national archives journals and digests state and federal reports, citations, surveys, and studies books, manuscripts, papers, speeches, and theses town and city records and documents Web sites to help your search for more information and more Prestatehood Legal Materials provides you with brief overviews of state histories from colonization to acceptance into the United States. In this book, you will see how foreign countries controlled the laws of these territories and how these states eventually broke away to govern themselves. The text also covers the legal issues with Native Americans, inter-state and the Mexico and Canadian borders, and the development of the executive, legislative, and judicial branches of state government. This guide focuses on materials that are readily available to historians, political scientists, legal scholars, and researchers. Resources that assist in locating not-so-easily accessible materials are also covered. Special sections focus on the legal resources of colonial New York City and Washington, DC—which is still technically in its prestatehood stage. Due to the enormity of this

project, the editor of Prestatehood Legal Materials created a Web page where updates, corrections, additions and more will be posted.

Chad, a Celebration of Life ~ Beyond a Mother's Memories Arista, 2020-08-13 "...Literally took my breath away... Beautifully written and descriptive, I was right there on Chad's journey. An American Memoir of life that reminds you what's important, the human heart being one of them. A 5-star read I highly recommend." -Matt D., New York, New York "From NY to Malibu, heart screenings to homeless soccer tourneys in Austria, the purpose emerges loud and clear - to save the Lives of those who still have a chance at a future. It is crucial to raise awareness for mandatory heart screenings for young athletes! Many testimonials of families affected by sudden cardiac deaths (SCD) won't leave you indifferent. This book is truly a work of Love, filled with tears and laughter, pain and loss, and most of all hope!" -Olena, Los Angeles, California Chad Alan Butrum loved sports. One day he went out to play football in LA and it would be his last game; he died of Sudden Cardiac Death in Young Athletes. He was just 26 years old. His artist mother Arista takes us on a journey of Love, Life and Laughter, as the young family forges new dreams in Detroit, Chicago, St. Louis, Malibu, and New York City. After Chad's sudden loss to SCD, she discovers through his colleagues at Carolco Pictures the young man Chad was becoming - the promise of a talented creative writer who touched the lives of many people in his short Life. He loved all people- any age, heritage, or orientation. In Part II, the author transcends loss into a quest to save lives by founding the non-profit organization, The Chad Foundation for Athletes and Artists, to safeguard young hearts so they can live long, healthy Lives and reach their most cherished dreams. It also inspires youth to live as Chad did- anti-substance abuse and alcohol-free, Healthy Body/Mind/ Spirit. The Chad Foundation Cardiovascular Screening Program has provided 8,000 Echocardiograms/ECGS in 5 states and, globally, in Austria and Sweden. Many parents who have also lost children to SCD, share their heartfelt stories within underscoring the critical importance of raising awareness of Sudden Cardiac Death in the Young, implementing preventive heart screenings, knowledge of CPR, and placement of AEDs. It is a journey of the Heart and the discovery that The Heart is the Home of our two greatest gifts—Love and Life—and must be safeguarded as our most valued possession.

Scientific and Technical Aerospace Reports, 1987 Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database.
