**Broken Strings** Eric Walters, Kathy Kacer, 2019-09-10 A violin and a middle-school musical unleash a dark family secret in this moving story by an award-winning author duo. For fans of *The Devil's Arithmetic* and *Hana's Suitcase*. It's 2002. In the aftermath of the twin towers -- and the death of her beloved grandmother -- Shirli Berman is intent on moving forward. The best singer in her junior high, she auditions for the lead role in *Fiddler on the Roof*, but is crushed to learn that she's been given the part of the old Jewish mother in the musical rather than the coveted part of the sister. But there is an upside: her husband is none other than Ben Morgan, the cutest and most popular boy in the school. Deciding to throw herself into the role, she rummages in her grandfather's attic for some props. There, she discovers an old violin in the corner -- strange, since her Zayde has never seemed to like music, never even going to any of her recitals. Showing it to her grandfather unleashes an anger in him she has never seen before, and while she is frightened of what it might mean, Shirli keeps trying to connect with her Zayde and discover the awful reason behind his anger. A long-kept family secret spills out, and Shirli learns the true power of music, both terrible and wonderful.

**The Broken String** Diane Chamberlain, 2014-08-26 In celebration of the forthcoming novel *The Silent Sister*, Diane Chamberlain introduces Riley MacPherson in the e-short story *The Broken String*. As seventeen-year-old Riley MacPherson rushes to the side of her brother who has been gravely injured in Iraq, she recalls their growing up years when he was her protector and best friend. Why did that relationship fall apart? She longs for a second chance to connect with her brother, not realizing that family secrets may prevent them from ever having that closeness again.

**The Broken String** Neil Bennun, 2004 The San people were a South African tribe who lived in the scrubland and communicated in a distinct click language. During the nineteenth century they were labelled as sub-human and hunted as animals by the Boers and the British. sister-in-law Lucy Lloyd, befriended some San bushmen and gradually began to document their language, resulting in an extraordinary archive of material. beautiful rock art and powerful fables. The fables will run throughout the book.

**The Broken String** Grace Schulman, 2008-09-22 An award-winning contemporary poet celebrates the joyful, impossible language of music in this collection that "surpasses her distinguished previous work" (Harold Bloom). One of the finest poets writing today, Grace Schulman finds order in art and nature that enables her to stand fast in a threatened world. The title

refers to Itzhak Perlman's performance of a violin concerto with a snapped string, which inspires a celebration of life despite limitations. For her, song imparts endurance: Thelonious Monk evokes Creation; John Coltrane's improvisations embody her own heart's desire to "get it right on the first take"; the wind plays a harp-shaped oak; and her immigrant ancestors remember their past by singing prayers on a ship bound for New York. In the words of Wallace Shawn, "When I read her, she makes me want to live to be four hundred years old, because she makes me feel that there is so much out there, and it's unbearable to miss any of it." "Grace Shulman has developed into one of the permanent poets of her generation." —Harold Bloom "[An] extended paean to the triumph of art over adversity or, perhaps, to the birth of beauty in adversity." —The Seattle Times

Song of the Broken String Stephen Watson, 1991-12 The /Xam Bushmen, hunters, gatherers, some poets among them, were a stone age people who survived nearly 5,000 years in the region now known as the Cape Province of South Africa. By the turn of this century they had completely disappeared, destroyed finally by the murderous European settlement of the interior. Song of the Broken String has its provenance in the oral tradition of this ancient culture. In the 1860s, a German linguist named W. H. Bleek became aware of the genocide in progress. Taking into his service three /Xam Bushmen he found working as convict laborers in a chain gang, he set about preserving a small part of their heritage. After devising a phonetic notation of the /Xam's language, he transcribed the personal narratives, songs, and folktales of these three men and translated them into English. Housed in an archive at the University of Cape Town, the 12,000 pages of the Bleek and Lloyd Collection are all that remains of this people and their language. Stephen Watson, a contemporary South African poet, has explored this archive, re-translating Bleek's word-for-word English prose into poems in which something of the power of those original voices lives on, however filtered through the 19th century ethnographer and the 20th century writer. The results not only offer a path into a powerful oral tradition, but also raise questions about the ways in which we listen to and translate cultures that are distant or lost. Song of the Broken String does not bring back the /Xam, it is not a collection of artifacts. Something survives here that is almost monumental, certainly beautiful. Stephen Watson, a contemporary South African poet and writer, has explored this archive, re-translating Bleek's word- for- word English prose into poems in which the power of these original voices would live on. However filtered through the 19th century ethnographer and the 20th century writer, poetry seemed the obvious form for this dialogue. The results not only offer a way into a powerful oral tradition but also raise questions about the ways in which we listen to and translate cultures that are distant or lost, cultures in whose fate we are somehow complicit. Song of the Broken String does not bring back the /Xam, but it makes their ghosts vital presences in our own literary tradition.

**Broken Dreams** Bill Dodd, 2012-08-01 When eighteen-year-old Bill Dodd dived into the Maranoa River his life changed in an instant. This young larrikin had enjoyed many adventures as a stockman on a remote cattle station; now he was a

quadriplegic. His boxing, running and football days were over, and he would never ride his beloved horses again. Bill's story begins with a high-spirited childhood in small town Queensland, a time of youthful humor and energy. The sudden death of his stockman father affects Bill deeply and he rebels, before himself choosing the exciting life of an apprentice stockman. Waking up in the intensive care spinal unit, he faces the consequences of his accident and slowly builds a new life. Winner of the 1991 David Unaipon award for first time Aboriginal and Torres Strait Islander authors, Bill's story was written with the aid of a specially designed finger splint, and a typewriter donated by the people of Mitchell, his hometown.

*Itzhak Perlman's Broken String* Jacqueline Jules, 2017-04-01 2016 winner of the Helen Kay Chapbook Prize In the apocryphal story told about Yitzhak Perlman during his concert at Lincoln Center in 1995 when one of the four violin strings suddenly tore, and he proceeded to reconceive and play the entire work with three remaining strings, he said that "sometimes it is the artist's task to find out how much music you can make with what you have left." If ever there were a work that explores the aftermath of loss, it is this powerful and highly original collection by Jacqueline Jules. "Every life is lived on a high wire,/ strung over the treetops...//Don't expect to feel safe." The poet reminds us not to waste time grieving over "stolen credit cards" and a "broken car on the day of a big interview." Reminds us how "Joy sits on a seesaw with Grief." If it's divinity we seek, best we gather the "stone tablets" and carry them through the wilderness of time. Consolation can be "sunlight/streaming through/serrated shapes...like fingers" that "wipe" away "tears." —Myra Sklarew, Author of Lithuania: New & Selected Poems What plucks at the heart strings of Jacqueline Jules' intense poems of Itzhak Perlman's *Broken String* is a dialectic between faith and loss where science mediates. "Both Science and Faith insist/ nothing is random." Grief is a squatter—an unwanted presence after friends and family leave the bereaved. The poet dares to challenge Jean-Paul Sartre on despair and suggests to the physical therapist "better to tease a tiger/ than poke a pain." Everything connects: Emily Dickinson, vending machines, a gypsy girl with rocks in her pockets who steps into a river. This is a smart and smarting journey through the human condition. —Karren L. Alenier, author of *The Anima of Paul Bowles* This lovely and moving collection explores what happens when grief is chronic. After the shock of initial loss, when grief becomes a daily companion, we must learn, as Jacqueline Jules wisely writes, to find music in our crippled instruments. Like Jean-Paul Sartre, we "cross that cruel river"; like Isaac Newton, our personal math proves "we are vulnerable to falling objects." —Kim Roberts, founding editor of *Beltway Poetry Quarterly*

**Myth and Meaning** J. D. Lewis-Williams, 2016-07-01 J.D. Lewis-Williams, one of the leading South African archaeologists and ethnographers, excavates meaning from the complex mythological stories of the San-Bushmen to create a larger theory

of how myth is used in culture. He extracts their “nuggets,” the far-reaching but often unspoken words and concepts of language and understanding that are opaque to outsiders, to establish a more nuanced theory of the role of these myths in the thought-world and social circumstances of the San. The book -draws from the unique 19th century Bleek/Lloyd archives, more recent ethnographic work, and San rock art;-includes well-known San stories such as The Broken String, Mantis Dreams, and Creation of the Eland;-extrapolates from our understanding of San mythology into a larger model of how people create meaning from myth.
